### National Science Foundation

Improving Undergraduate STEM Education: Education and Human Resources

**Deadline:** December 4, 2019

**Award:** \$300,000 - \$600,000 (over three years)

The IUSE: Education and Human Resources (IUSE: EHR) program promotes novel, creative, and transformative approaches to generating and using new knowledge about STEM teaching and learning to improve STEM education for undergraduates. The program supports development, implementation, and research efforts that: (1) bring recent advances in STEM disciplinary and interdisciplinary knowledge into undergraduate education, (2) adapt, improve, and incorporate evidence-based practices into STEM teaching and learning, and (3) lay the groundwork for institutional improvement. The current opportunity funds the development, testing, and use of teaching practices and curricular innovations that will engage students and improve learning, persistence, and retention in STEM.

### Corporation for National and Community Service

AmeriCorps State Grant Program

**Deadline:** January 8, 2020

**Award:** TBD

AmeriCorps grants are awarded to organizations proposing to engage AmeriCorps members in evidence-based or evidence-informed interventions/practices to strengthen communities. An AmeriCorps member is an individual who engages in community service through an approved national service position. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service, members earn a Segal AmeriCorps Education Award from the National Service Trust that members can use to pay for higher education expenses or apply to qualified student loans.

## FOUNDATION

### National Institute of Food and Agriculture

Hispanic-Serving Institutions Education Grants Program

**Deadline:** January 30, 2020

**Award:** \$50,000 - \$1,000,000

This program is intended to promote and strengthen the ability of Hispanic-Serving Institutions to carry out higher education programs in the food and agricultural sciences. Funding supports innovative teaching or education projects with the potential to impact and become models for other institutions that serve underrepresented students at the regional or national level. Projects should focus on developing skills necessary for entry- and mid-level technical employment or for entering graduate programs in food, agriculture, natural resources, and human (FANH) sciences. ### Kinder Morgan Foundation

**Deadline:** November 1, 2019

**Award:** \$5,000 - \$20,000

The Kinder Morgan Foundation's goal is to help today's science, math, and music students become the engineers, educators, and musicians who will support our diverse communities for many years to come. To accomplish this goal, the Foundation funds K-12 programs that promote the academic interests of young people in the many cities and towns across North America where Kinder Morgan operates. Their focus areas include academic programs, such as tutoring and arts education programs. Proposed projects must target more than 500 underserved youth and be able to demonstrate a proven track record of success.
