NEWS & ANNOUNCEMENTS

Grant Expenditures

As we approach the middle of the fall semester, please ensure you are on track with your grant expenditures. Following are a few basic tips:

- Every employee whose salary is charged to a grant, in whole or in part, must maintain time and effort sheets that account for all of their compensated time, including time spent on other activities. Ensure that payroll has the correct account number for all of your grant funded employees.
- Only expend funds as laid out in the approved grant budget. Never use funds from a grant for items not included in the grant budget or for purposes other than described in the grant narrative.
- If you need to modify the original budget, the grant funder must be notified. Please contact the GDO or refer to your grant manual for further instructions.
