Advising

Make an Appointment with a Health Careers Advisor

Role of the Surgical Technologist (Case Management)

- Preoperative
 - Create the sterile field
- Intraoperative
 - Enter and maintain the sterile field
- Postoperative
 - Prepare for the next patient

Salary

- Nationally – approximately \$49,710 per year (\$23.90 per hour)
 - According to The [Bureau of Labor Statistics](#)
- Illinois – average of \$23.71 per hour (Entry level \$18-22 per hour)
 - [Association of Surgical Technologists](#)

Job Outlook

Employment of surgical technologists is projected to grow 7 percent from now to 2029, faster than the average for all occupations. Advances in medical technology have made surgery safer, and more operations are being done to treat a variety of illnesses and injuries.

[Occupational Outlook Handbook](#)

Areas of Employment

- Primarily hospital operating rooms
- Surgery centers
- Birthing centers

CAREER

Formerly called the “Chargeback” Program

Triton College participates in the Comprehensive Agreement Regarding the Expansion of Educational Resources (CAREER), which allows students interested in completing an Associate of Applied Science or certificate program not offered at their home community college to receive in-district tuition at another participating community college. With prior approval, out of district students may enroll in an Applied Science program at Triton College that may not be available through their local community college. Students are encouraged to contact their home community college for approval to enroll in a specified program of study. Upon receipt of this approval, Triton College will assess them at the in-district rate.
